

Misión

La *Mediterranean Network* para la Música se centra en el avance de la Educación Musical Superior. Su misión es facilitar la creación de asociaciones, el apoyo y la información entre las instituciones asociadas, principalmente a través de encuentros en verano en el área mediterránea.

Las actividades y eventos tienen lugar dentro del amplio dominio público general a través de conciertos, festivales, clases magistrales y actividades comunitarias, así como también en foros más especializados como conferencias, publicaciones, producciones de CD y DVD, simposios y conferencias.

Mission of the Network

The Mediterranean Network for Music focuses on the advancement of Higher Music Education. Its mission is to provide partnership-building, support and information among partnership institutions mainly, through summer schools in the Mediterranean area.

Activities and events take place within the wide general public domain through concerts, festivals, master classes and community outreach but also within more specialized forums such as lectures, publications, CD and DVD productions, symposiums and conferences.
